

# Association of Massage Therapists 2015 National Educators' Forum

FRIDAY 23 OCTOBER  
RYDGES SYDNEY AIRPORT HOTEL  
8 Arrivals Court, Sydney International Airport

First there was Groundhog Day, then there was Judgement Day, and now we bring you ...

## IMPLEMENTATION DAY!

Are you tearing your hair out grappling with the new training package?

Are you concerned about how you are going to track the new evidence requirements?

Have we got the forum for you ...

Given the complexities of managing the transition to the new training package qualifications, the focus of this year's National Educators' Forum is on implementation. In the morning, Dorothy Rao from the Community Services and Health Industry Skills Council (CSHISC) will run a condensed version of the HLT Training Packages Implementation Workshops that were presented by the CSHISC across Australia in August and September.

In the afternoon, we will break into working groups to draft a student logbook. The logbook will enable assessors to track and manage the new evidence requirements for assessment including minimum clinic hours and treatments under the new training package. The aim is to produce a collaborative document that will underpin a coherent and consistent national approach to meeting the assessment requirements.

Please come prepared with some ideas and draft material to contribute to the logbook.
