GETTING STARTED WITH HEALTH PROVIDER NUMBERS

It can take a few months to be issued with all your health fund provider numbers. Below is a simple 4-step guide to getting yourself up and running as a health fund provider.

Send all the required documentation to AMT

AMT can only forward your details to the funds when we have all your paperwork, including copies of your:

- professional indemnity insurance
- current HLT first aid
- national police check
- practice address details

Check the provider recognition criteria to see which funds will recognise you as a provider

The provider recognition criteria on page 11 shows which funds recognise your qualification. There is 1 fund that recognises Certificate IV graduates and around 45 funds that recognise graduates of Diploma qualifications.

Please note some health funds have specific recognition criteria related to qualification delivery and indemnity insurance limits. These criteria are outlined on page 4 and 5.

Wait to receive notification of your provider numbers

Each health fund operates on a specific reporting cycle, which means AMT cannot add your name to every provider list on the same day we receive all of your documentation. While AMT processes applications quickly and efficiently, the final approval depends on the health funds' data processing timelines. Some funds may take up to six weeks to issue your provider number.

Please note that some funds do not issue provider numbers but rather use your AMT member number as an identifier. Check the table on page 6 to see which funds issue numbers and which funds use your membership number.

Include all the required information on receipts

There is information on receipting requirements on page 9 of this document and in the AMT Code of Practice. AMT members are required to adhere to the receipting standard in the Code of Practice.

Providing false receipts is fraud and punishable by law.

GETTING STARTED WITH HEALTH PROVIDER NUMBERS

These health funds have specific provider recognition criteria.

AHM/Medibank Private recognition criteria

AHM/Medibank Private have duration requirements for the Diploma of Remedial Massage. You must have completed a Diploma over at least one year full-time or 18 months part time.

You will need to supply AMT with a "Letter of Compliance" from your RTO that states that your training meets certain criteria. Your RTO will probably be familiar with the form of this letter but AMT can provide specific guidance if not.

ARHG supervised clinic and insurance requirement

ARHG recognises members with Nationally Recognised Qualifications in Massage Therapy, Remedial Massage, Myotherapy and Traditional Chinese Medicine Remedial Massage. ARHG also have specific requirements around supervised clinic hours.

Massage Therapy providers need to have completed at least 80 hours of supervised clinic and Remedial Massage, Myotherapy and Traditional Chinese Medicine Remedial Massage providers need to have completed at least 200 hours of supervised clinic. This needs to be conducted on campus supervised by a trainer with the appropriate qualifications.

ARHG also requires providers to hold at least \$2 million dollars' professional indemnity and 10 million dollars' public liability insurance per claim (i.e. this means each and every claim, not claims in the aggregate).

GETTING STARTED WITH HEALTH PROVIDER NUMBERS

These funds have specific provider recognition criteria.

Australian Unity insurance requirement

Australian Unity requires providers to hold at least \$2 million dollars' professional indemnity and 10 million dollars' public liability insurance per claim (i.e. this means each and every claim, not claims in the aggregate).

BUPA insurance requirement

BUPA requires providers to hold at least \$2 million dollars professional indemnity insurance per claim (i.e. this means each and every claim, not claims in the aggregate).

HCF recognition criteria

HCF has duration requirements for the Diploma of Remedial Massage. You will need to have completed a Diploma over at least one year full-time or 18 months' part time. The course must include a minimum of 200 hours of supervised clinical practice.

You will need to supply AMT with a "Letter of Compliance" from your RTO that states that your training meets certain criteria. Your RTO will probably be familiar with the form of this letter but AMT can provide specific guidance if not.

HCF also requires providers to hold at least \$2 million dollars' professional indemnity insurance per claim (i.e. this means each and every claim, not claims in the aggregate).

NIB insurance requirement

NIB requires providers to hold at least \$2 million dollars' professional indemnity and 10 million dollars' public liability insurance per claim (i.e. this means each and every claim, not claims in the aggregate).

HEALTH FUND PROVIDER ARRANGEMENTS - WHO IS RESPONSIBLE FOR WHAT?

This information will help you to understand who has responsibility for administering each aspect of health fund provider arrangements.

The private health funds:

- set provider recognition criteria, which they can modify at any time.
- accredit AMT as a guarantor on behalf of members. AMT has contracts with the funds and must abide by the recognition criteria set out in these agreements.
- determine how and when AMT will report members' details.
- determine how and when provider numbers will be issued.
- have the right to suspend or cancel a provider's recognition.

AMT:

- abides by the provider recognition criteria set by the funds. These terms are written into a contract or agreement that AMT must sign.
- reports directly to the funds on member eligibility for provider status in a reporting cycle that is determined by the funds. This includes providing updates of changes such as new practice or mailing addresses, and changes of name.

You:

- retain a copy of your provider numbers.
- contact the health fund(s) directly when your client has difficulty with a claim. AMT can only assist if the fund informs you that you are not registered with them.
- inform AMT promptly of any changes to your details, such as new practice or mailing addresses.
- submit copies of your HLT first aid, insurance certificate of currency, national police check, CPD reflection/documentation and renewal fees before the due date.
- abide by the various health fund Terms and Conditions. These are available for download from the AMT website:
<http://www.amt.org.au/members/health-fund-info.html>
- maintain compliance with the AMT Code of Practice and Code of Ethics, including maintaining appropriate treatment records.

HEALTH FUND REPORTING CYCLE

Reports to individual health funds are sent on various days throughout the month. Each health fund operates on a specific reporting cycle, which means AMT cannot add your name to every provider list on the same day we receive all of your documentation.

The reports to each fund are sent on or around the dates below:

Health Fund	Day of the Month
AHM	20th
ARHG	12th
Australian Unity	30th
BUPA	15th and 30th
CBHS	15th
HCF	5th – 8th
Medibank Private	Second and fourth Monday of the month
NIB	15th and 30th
VIC WorkSafe	15th

While AMT processes applications quickly and efficiently, the final approval depends on the health funds' data processing timelines. Some funds may take up to six weeks to issue your provider number.

It can take between 4-6 weeks from the time you become compliant on AMT's system or change/update your details for your provider numbers to be issued.

So what should you do if you treat clients during this interim period? You must still issue a receipt for treatments but instruct clients to hold off making a claim for at least a month. Inform your clients that your application for a provider number is currently being processed and may take up to six weeks to come through. This gives the funds time to process the lists that AMT has forwarded and prevents a potentially embarrassing scenario where a client's claim is rejected.

To ensure that your clients can make hassle-free claims with their health funds, you must provide them with a formal receipt that is formatted correctly and contains all the required information. AMT has prepared this information to assist you with this. For further information on receipting please refer to the AMT Code of Practice.

The following details must be clearly printed on receipts, invoices and tax invoices (i.e. it cannot be handwritten):

- Name of the therapist who gave the treatment
- Business name if applicable
- Practice address. This must be a street address not a PO Box.
- Contact number
- AMT member number
- ABN if applicable

The following details must also be included but may be handwritten for all Health Funds except ahm and Medibank:

- Client's name and address
- Date of treatment
- Nature of treatment and duration
- Location of treatment (if different from the registered clinic address)
- Health Fund provider number(s)
- Fee
- Date of payment

You must give an accurate description of the treatment performed on your receipts (e.g. Remedial Massage, Traditional Chinese Medicine Remedial Massage, Myotherapy etc). Issuing a receipt for services that did not take place is a form of fraud and is punishable by law. Do not allow your clients to pressure you into committing fraud. It will result in you being deregistered by the funds and suspended from AMT.

Please see an example of a receipt overleaf.

HEALTH FUND RECEIPTING

This format may be used to comply with Health Fund receipting requirements. Medibank and ahm require the entire receipt to be printed (no handwriting). Other Health Funds only require the first section to be printed.

What information should I keep up to date with Head Office?

Please notify Head Office as soon as possible when you:

- Change your practice address
- Add additional practice address(es) to your records
- Change your mailing address
- Change your email address
- Change your name (evidence is required e.g. marriage certificate)
- Renew your First Aid certificate (a copy of the certificate is required)
- Renew your Insurance (a copy of the Certificate of Currency is required)
- Renew your National Police Check (a copy of the certificate is required)

It is important that Head Office is notified of these changes promptly so that the information is reported to the health funds and claims can continue to be paid out to your clients without interruption.

Is the information that I supply to Head Office immediately updated with the health funds?

No. Each of the health funds has a specified reporting cycle. For most of the funds, this cycle is monthly. Each fund has appointed a particular day on which AMT must submit a report.

Does the health fund reporting cycle affect me in other ways?

To maintain your provider recognition with Health funds you cannot:

- allow your AMT membership to lapse
- allow your first aid to lapse
- allow your insurance to lapse
- allow your national police check to lapse
- fall below the tally of 20 CPD Hours per year

If your provider status is withdrawn for any one of the above reasons, the funds will not backdate you once you are up-to-date again. For this reason, we cannot give you an extension on supplying us with all the relevant documentation that demonstrates your currency with all of the above. Head Office sends out reminders if it looks as though you are going to fall off the list but it is your responsibility to have everything up-to-date.

What if I have pre-HLT qualifications?

If your provider status is withdrawn, we cannot guarantee that we will be able to reinstate you. Most of the health funds now require HLT qualifications. We can continue to grandfather you as a provider only as long as you maintain currency of professional development, first aid, insurance and national police check.

How can I be sure my details are up-to-date with Head Office?

Every endeavour is made to inform you when we receive critical documents, such as insurance and first aid certificates. However, if you do not hear from us, we recommended that you check.

What evidence do I need to supply to AMT for provider status with Medibank Private/AHM and HCF?

You will need to supply AMT with a letter from your RTO that states that your training meets the following minimum standards:

- Minimum Education Requirements means HLT50307 Diploma of Remedial Massage (or later equivalents) in which the course duration is at a minimum 12 months for full time students or 18 months part time students (this period does not include the Certificate IV in Massage Therapy competencies) and that requires a minimum of 20% of the course to contain clinical training to be conducted on campus supervised by a trainer with the appropriate qualifications. Also, the following practical components which require skills based knowledge should also be delivered on campus – surface anatomy, palpation, clinical examination, assessment of conditions, treatment plans, tactile therapies massage techniques and other associated therapeutics and techniques.

HCF also require a minimum of 200 hours of supervised clinical practice be completed as part of the Diploma.

Can anyone use my provider numbers?

No. Health Fund Provider numbers issued to an individual Massage Therapist are not transferable to another practitioner.

Misuse of health fund provider numbers is misleading and deceptive conduct and is punishable by law.

Can gift vouchers/certificates for massage services be claimed through the health funds?

No. Gift vouchers/certificates are not claimable through the health funds because the person paying for the gift is not receiving the treatment and the person redeeming the gift has not paid for the treatment. The receipt issued must clearly state that it is for a gift voucher/certificate, not for a treatment.

DISCLOSING INFORMATION ABOUT PROVIDER NUMBERS TO THIRD PARTIES

AMT represents appropriately qualified members to the various private health funds under specific agreements with the funds. In fulfilling this function, AMT effectively applies to the funds for provider status on behalf of the member. This requires AMT to guarantee that members meet the provider criteria set by the funds.

In managing this process, AMT has a clearly defined relationship with both the private health insurers and the members we represent. To be eligible as health fund providers, AMT members are required to abide by AMT's codes and standards. Once a member becomes a provider, they must also abide by the provider terms and conditions of the private health insurance companies.

AMT does not share information about a member's provider numbers with third parties such as business owners, employers or practice managers.

AMT will not share a member's provider number information with these third parties because we have no relationship with the third party.

AMT will not share a member's provider number information with a third party because the third party is not bound by AMT's standards and codes, and is not accountable to AMT.

AMT will not share a member's provider number information with a third party because the third party is not bound by the provider terms and conditions set by the private health insurers.

AMT will not share a member's provider number information with a third party because the third party does not pay a membership fee to be represented by AMT.

AMT will not share a member's provider number information with a third party because there are privacy implications in doing so.

AMT will not share a member's provider number information with a third party because we represent our members, not businesses and clinics.

Members are welcome to make inquiries about their own provider numbers direct with AMT.

Thank you for respecting AMT's policy in this area.
